

Uneda

Biscuit are more than mere soda crackers. They are a distinct, individual food article made from special materials, by special methods, in specially constructed bakeries.

They are sealed in a special way which gives them crispness, cleanliness and freshness which "crackers" from the paper bag always lack. They are the Nation's accepted soda.

RAILROAD NEWS.

A. L. Mohler Mentioned as the Successor of Harriman.

Rumors Say That He Will Become President of the U. P.

A CHANGE OF POLICY

A President of Each Road of Harriman System Expected.

Other Items of Interest in Railway Circles.

Following the death of E. H. Harriman, the future of the Union Pacific railway organization is a topic of much speculation in railway circles. There is a general belief that the present organization as far as the operating department is concerned will be changed, and that the road will go back to the old policy of having an operating head for each road in the Harriman system.

In case this change is brought about, A. L. Mohler at present vice president of the Union Pacific, and in direct charge of the operation will become the president of the road.

As to this possible change there is but little doubt in the minds of the Union Pacific officials in Kansas, who profess to hold any opinions on the subject. The New York Commercial, which knows all the talk on Wall street, expresses the opinion that Mr. Mohler will be made the successor of the late Mr. Harriman, as president of the Union Pacific.

Mr. Mohler's great executive ability, together with his most intimate working knowledge of the road, and his high standing with Mr. Harriman and the forces that now be, are pointed to as qualifications that make him the most available man for the place. Mr. Mohler was appointed to his present position a few years ago, when Horace G. Burt, then president of the Union Pacific resigned and Mr. Harriman decided to become president of all his roads. Mr. Mohler was then president of the Oregon Railway and Navigation Line, a Harriman property, and Mr. Harriman took this position himself, but made Mr. Mohler vice president of the Union Pacific, where he has since exercised the functions of the general manager, and been the active head of the Union Pacific's operating department.

Mr. Mohler as the active head of the Union Pacific now has under his supervision, the construction of 600 miles of railroad which that line is now building in this territory. This includes the construction of the Topeka & Northwestern, now being completed between Onaga and Frankfort, the extension of the O'Fallon branch in Nebraska to Northport, and sixty miles in Colorado, which is in

Habitual Constipation

May be permanently overcome by proper personal efforts with the assistance of the one truly beneficial laxative remedy, Syrup of Figs and Elixir of Senna, which enables one to form regular habits daily so that assistance to nature may be gradually dispensed with when no longer needed as the best of remedies, when required, are to assist nature and not to supplant the natural functions, which must depend ultimately upon proper nourishment, proper efforts, and right living generally. To get its beneficial effects, always buy the genuine

makes 148 miles of construction of new lines. In addition to this he has charge of the laying of 100 miles of double track between Kearney and North Platte on the Nebraska main line of the Union Pacific.

No general mention is made in the current rumors of any successor to Mr. Mohler, should he become president of the Union Pacific, although many Kansans couple the name of General Superintendent J. O. Brinkhoff, of Kansas City, with this position.

REVISING TONNAGE RATINGS.
Santa Fe Is Now Making Tests Over the Entire System.

San Bernardino, Cal., Oct. 7.—To revise the tonnage rating of the engines on the entire Santa Fe system a series of tests have been started on this division and will extend the entire length of the continent as far as Chicago.

It is the intention to make the trip from Los Angeles straight through to Chicago, with as little change as possible in the makeup of the train, making constant tests, both day and night, for the purpose of establishing the new rating of the locomotives. Owing to the fact that trains of different tonnage are handled on various portions of the system, due to grades and other conditions, it will be impossible to retain the same train as it left here, but the dynamometer car, which is used in connection with the tests, will go straight through to Chicago. On arrival there it will retrace the course the entire length of the division, in order to arrive at the tonnage rate in both directions.

Accompanying the car are Joseph Lyndon, coast line engineer of tests; L. Simpson, in charge of the operation of the engines and a number of others made up of special apprentices. Owing to the fact of the continuous trip it is necessary to work two shifts. The tests to secure the necessary data for the new rate sheets are not being made for the sole purpose of either increasing or reducing the tonnage of engines over different grades and sections of roadbed but in order to ascertain whether the locomotives as placed now are giving the best results possible to attain. If certain classes of engines are not doing as well on one division, due to grades, water and other conditions, as is possible on another, they will be assigned to ascertain the best location for the various types of locomotives that the tests are to be made.

It is not the intention to select engines for the hauling of the train containing the dynamometer car but take them as they come and in this way conduct the tests with the locomotives in their average condition.

During the course of the trip to Chicago, the various trainmasters and road foremen of engines will accompany the party conducting the tests over their respective divisions.

HILL TO BUILD INTO MEXICO.
Great Northern Head Is Showing Increased Activity.

Austin, Tex., Oct. 7.—The announcement is made that the Hill system of railroads is to be extended to San Antonio and thence to the Mexican border, where it will make connection with the National Railways of Mexico. The construction of this extension is already in progress south from Ballinger, Texas. At the time the Colorado & Southern passed into the hands of J. J. Hill and associates the Texas

lines of that system were the Fort Worth & Denver City, the Wichita Valley, the Abilene & Northern and the Abilene & Southern. By purchasing a one-half interest in the Trinity & Brazos Valley the Hill interests obtained an outlet to Houston and Galveston by way of Port Worth.

SANTA FE ENLARGES SHOPS.
New \$40,000 Addition at Wellington Is Dedicated.

Wellington, Kan., Oct. 7.—The Atchison, Topeka & Santa Fe Railway company has dedicated a new \$40,000 addition to its machine shops here.

Speeches were made by the president of the Commercial club and the mayor and responses by Santa Fe division officials, including the general manager, Mr. Kouns, of Amarillo, Tex., and the general superintendent, Mr. Parker, of La Junta, Col.

Mayor Anderson of Garnett Dead.
Garnett, Kan., Oct. 7.—John J. Anderson, mayor of this city, is dead of heart failure. He was formerly a member of the board of county commissioners, and was elected mayor last April. He was a leading Democratic politician.

PILES Quickly Cured

Instant Relief, Permanent Cure—Trial Package Mailed Free to All in Plain Wrapper.

We want every man and woman, suffering from the excruciating torture of piles to just send their name and address to us and get by return mail a free trial package of the most effective and positive cure ever known for this disease, Pyramid Pile Cure.

The way to prove what this great remedy will do in your own case, is to just fill out free coupon and send to us and you will get by return mail a free trial treatment of Pyramid Pile Cure.

Then after you have proven to yourself what it can do, you will go to the drugist and get a 50 cent box. Don't undergo an operation. Operations are rarely a success and often lead to terrible consequences. Pyramid Pile Cure reduces all inflammation, makes congestion, irritation, itching, sores and ulcers disappear—and the piles simply quit.

For sale at all drug stores at 50 cents a box.

FREE PACKAGE COUPON.
Fill out the blank below with your name and address, cut out coupon and mail to the PYRAMID DRUG COMPANY, 154 Pyramid Bldg., Marshall, Mich. A trial package of the great Pyramid Pile Cure will then be sent you at once by mail, FREE, in plain wrapper

OWES FOR A LEG.

Reno County in Debt to Artificial Limb House.

Commissioners Refuse to Pay Bill and Ask for Reduction.

HAVE NO PRECEDENT.

Are Willing to Pay \$20 for Smith's Peg, But No More.

Board Intimates That County's Leg Is Being Pulled.

Hutchinson, Kan., Oct. 7.—While a wooden leg is not supposed to have a great deal of elasticity, the demand of a certain Kansas City artificial limb company on the Reno county commissioners for the sum of \$39.50 indicates that an attempt can be made to pull a wooden leg, anyway.

Some weeks ago Frank Smith, now at the county poor farm, found it necessary to have an artificial leg fixed. He asked the county to meet the expense of the repairs. After some deliberation Poor Commissioner R. O. Clayton had the leg sent to an artificial company of Kansas City. When the limb came back, however, Smith requested that the county send it back a second time. The end this was not necessary for Smith finally fixed the leg himself.

When the county commissioners met the first thing that their eyes fell upon was the bill for Smith's leg. After some discussion it was agreed that \$39.50 was too much money for the county to pay for a leg which had given no more satisfaction than Smith's. Accordingly, they decided to reduce the bill a little less than one-half. The Kansas City firm will receive the sum of \$20, no more, no less.

BOY SHOT THROUGH THE LUNG.
Nine-Year-Old Willet Marcum Seriously Wounded Himself.

Winfield, Kan., Oct. 7.—Willet Marcum, nine years old, son of Mr. and Mrs. M. H. Marcum, of Pleasant Valley, has been dangerously wounded with a bullet. The bullet struck him in the left breast, just below the shoulder, passed through the upper part of the left lung, and through the shoulder blade. An inch lower would have severed the aorta. The pistol was loaded and lying in a table drawer, where the boy, in playing, found it. By careless handling he pulled the trigger while the muzzle was pointed toward him. The powder flame scorched his flesh and probably cauterized the wound inside. This may be some assistance in keeping out infection. The bullet, after passing through the boy struck the lower rail of a window sash and went half way through it.

KANSAS HAS SOME FINE FRUIT.
Farmers in Northwestern Section Marketing an Excellent Grade.

Oberlin, Kan., Oct. 7.—Some of the finest fruit ever raised in northwestern Kansas has been brought into Oberlin recently by farmers from this county. All the fruit is of good size and color and well ripened, with no kind of rot. It seems to be free from damage by insects or scales of any kind.

As more attention is being given to raising fruit, the product is becoming better and it is being discovered that this is as good a fruit country as many other parts of the state, although at one time it was generally said that fruit could not be raised here.

BANK SURRENDERS CHARTER.
Peoples' at Cherryvale Will Become State Institution.

Cherryvale, Kan., Oct. 7.—The Peoples' bank of this city has been nationalized and taken out a charter as a state institution. The change is made in order to take advantage of the Kansas guaranty law.

While the bank has disorganized and reorganized there are no changes in its business which will be exactly as formerly. The officers, directors and employees remain the same and the only change will be, as stated above, that in the very near future deposits there will be insured.

CONDUCTOR ELDER LAID UP.
Was Brutally Beaten by Negro Passenger on His Train.

Pratt, Kan., Oct. 7.—Conductor R. H. Elder of the Rock Island, who was one of the participants in the fight with a negro which occurred Sunday evening on his train, was not able to take his regular run out of here, as he was confined to bed, and under the care of a doctor.

He is still suffering from the effects of the blow on the head which he received in the fight, and while no serious effects are feared, his injuries are very painful, and he may be confined to his bed for several days.

ELKS HONOR A. C. MALLORY.
Hutchinson Man Gets Place on Grand Lodge Committee.

Los Angeles, Cal., Oct. 7.—A. C. Mallory of Hutchinson has been made a member of the judiciary committee of the Elks grand lodge of the state. The appointment was made by Grand Exalted Ruler J. U. Sammis of Le Mars, Iowa.

Mr. Mallory made the speech nominating Mr. Sammis at Los Angeles and the Hutchinson lodge has been complimented by having its delegate made a member of the most important committee of the grand body, in fact it is the best appointment that could possibly have been given Mr. Mallory.

WOMAN BUYS HAVEN JOURNAL.
Miss Ruth Mathews Took Editorial Charge This Week.

Haven, Kan., Oct. 7.—Haven has a woman editor. Ruth Frances Mathews has purchased the Journal from S. G. Herlacher, who has owned and published the paper for twelve years. Miss Mathews is an experienced newspaper woman.

Mathews took possession with the last issue of the paper and intends remodeling the plant.

FARMERS MARKETING WHEAT.
Larned Buyers Are Paying Around the Dollar Mark.

Larned, Kan., Oct. 7.—Wheat is again coming to market in large quantities mostly from the north side. Many north side farmers are through seeding and considerable wheat is up.

Since they are through seeding

WANTS LETTER PUBLISHED

For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weak and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman."

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. JOHN G. MOLDAN, 215 Second St., North, Minneapolis, Minn.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat you most strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

They have time to haul their wheat to market. The price has been close to a dollar for some time. Ninety-nine cents is what is being paid though several choice loads brought a dollar.

PREACHER LOCATED LIQUOR.
Raid and Confiscation Followed Trip to Leavenworth Police.

Leavenworth, Kan., Oct. 7.—Rev. F. B. Brown, pastor of the Baptist church here, spent an hour in the alleys downtown, and as a result gave the police information which resulted in the raiding of a joint and the confiscation of a lot of liquor.

Mr. Brown and several other preachers were in Topeka recently and reported to the governor that several joints were still running here. The governor notified the attorney general, who started an investigation. One of the preachers was called to the attorney's office, but could not substantiate his charges by giving information.

Mr. Brown, learning that he was to be called on for information, took the precaution to hunt it up.

TACKLED THE WRONG MAN.
M. W. McClaughry Lands on Kansas City Pickpockets.

Leavenworth, Kan., Oct. 7.—M. W. McClaughry, son of a Warden McClaughry of the federal prison here, and special agent of the United States department of justice, had an encounter with two young pickpockets just as he was going to board a train at the Union depot at Kansas City.

One of the men grabbed his watch chain. McClaughry had been watching him, and immediately brandished a right-hander straight from the shoulder fairly between the fellow's eyes, and an instant later gave the thief's forehead the same treatment.

The pickpockets fled and were lost in the crowd. A few years ago McClaughry managed to catch two notorious pickpockets in just this manner in the Union depot.

HE HAS LOST AN EAR.
Fate of Man Who Escaped From Topeka Insane Asylum.

Junction City, Kan., Oct. 7.—John Schmidt, an escaped patient from the state asylum at Topeka, was found in the northern part of the county, in a half-starved condition. Wilson took the man to his home and cared for him as it was plain that he was demented. The local authorities were informed and telephone to Topeka, developing the fact that the man was an escaped inmate.

Schmidt is about 65 years of age, and is in a pitiable condition from his two weeks' ramble. One ear is gone. He told Mr. Wilson that he had not slept in a house since his escape and it was his remark that led to the officers to find out who he was.

TOOTHPICK CAUSED DEATH.
Fred Burgess Died From Effects of One Swallowed Months Ago.

Sterling, Kan., Oct. 7.—Fred Burgess, 30 years old, died at his family home, four miles south of here. The cause of the young man's death was most peculiar. About seven months ago he became troubled with frequent sharp pains in the abdominal cavity. At first he thought nothing of them, but as they grew continuous, he decided that he had better see a doctor, and he was referred to a physician at once, and accordingly this was

done. It then was discovered that Burgess at some time had swallowed a toothpick and that the latter had penetrated the wall of his stomach and worked its way into the muscles of the abdomen.

Since the first operation two others had been performed but complications that set in weakened Burgess to such an extent that his recovery was hopeless.

At a post mortem held yesterday, it was found that the toothpick had caused inflammation, which afterwards took the form of tubercular disease.

ANOTHER WANDERER DROPS IN.
All of Williamsburg's Missing Have Now Been Accounted For.

Ottawa, Kan., Oct. 7.—The list of mysteriously missing from the town of Williamsburg has been checked up. The last accounting came with the return of H. C. Thomas, the town liveryman, who came in from the west as quietly as he had been expected to resume charge of his business, which has been operated during his absence by his uncle.

Thomas disappeared late in July at the time when there was much excitement over the disappearance of Pastor Stuckey, Lorena Sutherland, Wilbur Fogle and Margaret Timmons. It appears that Thomas has merely been on a visit to the Pacific coast and that, though his departure was sudden and unannounced, it was not involved in romance or adventure.

Stuckey and Miss Sutherland were returned home by the officers from Waukegan, Ill. Miss Timmons came some Monday night of her own accord, reporting that Fogle had gone to Canada. The Williamsburg roll call now proceeds with the notation: "All present or accounted for."

RED MEN ELECT OFFICERS.
Davis Shull of Kansas City Named as Great Sachem.

Ottawa, Kan., Oct. 7.—The following officers were elected for the ensuing year by the Independent Order of Red Men at the close of their state convention here:

Great sachem, Davis Shull of Kansas City; great senior sagamore, W. H.

YOUR STOMACH IS TO BLAME

Misery Disappears and Stomach Comfort Comes in Five Minutes.

"Take good care of the stomach" is good advice that all sensible people should heed. If your blood is bad and pimples and sores break out on your body, in 90 per cent of the cases the stomach is to blame.

If you are nervous, irritable, feel dull, are depressed mentally, and feel disinclined to exert yourself, make up your mind the stomach is at fault and treat it as promptly and intelligently as possible.

The action of Mi-o-na on the delicate membrane of the stomach is so prompt that the most painful distress vanishes in a few minutes.

But Mi-o-na (small tablets easily swallowed) is more than a remedy. It is a prescription used by a most learned and sensible physician, and its ingredients are so cleverly compounded that while it gives instant relief it also effects a permanent cure.

A large box of Mi-o-na tablets cost 50 cents and are guaranteed to cure all stomach misery or money back. For sale by leading druggists everywhere. Test sample free from Booth's Mi-o-na, Buffalo, N. Y.

Frightful Fate Averted.
"I would have been a cripple for life, from a terrible cut on my knee cap," writes Frank Disberry, Killeb, Minn. "Without Bucklen's Arnica Salve, which soon cured me." Infallible for wounds, cuts and bruises. It soon cures Burns, Scalds, Old Sores, Boils, Skin Eruptions. World's Best Remedy. 50¢ at Campbell Drug Co.

MOTOR RACES FOR GOOD ROADS.
Abilene Plans to Raise Money for a Worthy Cause.

Abilene, Kan., Oct. 7.—Automobile races to raise money for good roads will be held here October 13.

Seven events are arranged, including speed races, with large purses and farmers' races that will bring in the farmer owners of cars. Many entries are expected.

ARKANSAS CITY A DRY TOWN.
Not a Drop of Rain Has Fallen for Thirty Days.

Arkansas City, Kan., Oct. 7.—No rain has fallen in this section of southern Kansas or northern Oklahoma for more than a month and growing wheat has been damaged. The hot and dry weather is becoming almost unbearable.

Your Boy

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably answer, "Very, very frequently." Ayer's Sarsaparilla is a strong tonic, entirely free from alcohol.

No stimulation. No alcohol habit. Ask your doctor about Ayer's Sarsaparilla as a tonic for the young.

J. C. Ayer & Co., Lowell, Mass.
